

CARBIDE TIPPED MASONRY HAMMER DRILLS - SPLINE SHANK MULTI CUTTER DESIGN

ICS USA

HEAVY DUTY

CROSS HEAD POINT

SPLINE SHANK

PARABOLIC FLUTE

Carbide Tipped Spline Shank Drive Masonry Hammer Drills with 4 cross cutting edges are designed for use with spline drive rotary hammers. The 4 cross cutting edges pulverize the material to be drilled better and quicker than single edge hammer bits. Spline drive hammer bits have 12 splines cut into the 3/4" diameter shank to ensure a positive fit between the bit and the bit holder on a spline drive rotary hammer which makes possible the most power transmission to the cutting edge for high speed drilling of large diameter holes in concrete, masonry and stone.
